

FLY TIPPERERS

Major Issue in our area

Fly tipping in the HADRA area is unfortunately on the increase including "now" on public roads, and it is suspected this may well increase. This costs the council substantial sums to remove. Residents are requested to be extra vigilant and to investigate suspicious vehicle movements at unusual times.

Any successful prosecution can only be achieved with the registration number of the vehicle concerned and the council is keen to enlist the support of residents in this respect.

Remember this could happen to you and be your garage or drive that the rubbish is dumped in.

**Contact the council on 0208 726 6200 or email streetscene@croydon.gov.uk
Please do not remove any evidence, leave this to the council to handle as there may be information in the rubbish to point to the perpetrator.**
