

Introduction

- ▶ The table below provides a summary report of all known planning applications in the HADRA area since 2002 (excluding minor tree works). We believe this list to be both comprehensive and complete.
- ▶ If you have updates or corrections to this list, or wish to contact HADRA in relation to any of these applications, please refer to the "Contact Information" provided below.
- ▶ As with all reporting of this type, sometimes mistakes may occur. We apologise ahead of time and assure everyone that no offence is intended.
- ▶ You are encouraged to review this table on a regular basis. If you see a proposal that you do not like, then please do something! Ask questions, object to it, contact HADRA and let them know your views. We can only unwanted developments of our area by actively objecting to planning proposals that make money for the existing owners, which then blight the area for everyone else.
- ▶ Please don't assume that others are objecting and you can do nothing. Our advantage is "our numbers". We need as many residents as possible to show they care so that we can resist unwanted development.
- ▶ Please share this with your neighbours. They may not have web access and would appreciate the update.

Notes on the table

- ▶ The table is sorted alphabetically by road name, then building number, then date
- ▶ The Council Status shown in BLUE (In Consultation) are items you can help us with as Croydon Council are still considering the merits of these plans. If you do not agree with the development, now is the time to object!
